

# DESIGNER

## Job Description

**GREEDYGAME**

[www.greedygame.com](http://www.greedygame.com)

### ABOUT US:

GreedyGame is looking for a Graphic Designer to join its clan! We are looking to get a kick ass designer on board who is hardworking and has strong logical skills. You'll be the creative brains behind the advertisements displayed in the apps and games.

### JOB DETAILS:

**Seniority Level:** Associate Level

**Industry:** Marketing & Advertising

**Employment Type:** Full-Time

**Job Functions:** Design, Art/Creative, Information Technology

**Job Location:** Bengaluru

### WHAT ARE WE BUILDING?

GreedyGame is building mobile first advertising solutions. We are a platform which enables blending of ads within mobile apps and games so that they become a part of the content. This allows developers to monetise their apps and games without degrading the user experience. Check out [greedygame.com](http://greedygame.com) to know more!

### WHAT'S IN IT FOR YOU?

- Opportunity to be a part of the big disruption we are creating in the ad-tech space.
- Learn and grow at a free, open and fast paced environment.
- Office in one of the most happening places in Bangalore.
- An amazing clan and the opportunity to be a part of it, free lunch on all days of the week, fully stocked pantry within 20 feet reach, a Foosball table to burst stress and a great working environment.
- Continuous feedback system to ensure that improvement is a constant focus.

### WHAT WILL BE YOUR RESPONSIBILITIES?

- Design eye-catching and compelling designs, illustrations and mocks for our product.
- Collaborating with different teams to bring innovative and relatable designs.
- Make data-driven design decisions based on analytics and user feedback.

### WHAT ARE WE LOOKING FOR?

- We are looking for someone with an experience of working in an advertising agency and understands the pressure of quick turnaround time.
- We would prefer someone with minimum 1 year of experience in animation and Video making. Freshers with exceptional skill-set may apply.
- The candidate must possess design thinking, can come up with concepts on given briefs.
- The candidate must be well versed and fast on Adobe Photoshop, Illustrator and After Effects.
- We are looking for a hardworking designer with strong logical and analytical skills who is quick on feet to make decisions based on user response.

### SKILLS AND ABILITIES:

- Adobe After Effects
- Adobe Illustrator
- Adobe Photohop
